

YUKON

THE EXPERIENCE

GOLD RUSH!

THE FAR NORTH MINING COMPANY seeks capable prospectors to discover fame and riches in the Canadian wilderness. Successful claims will retain a percentage of all profits. Interested parties should present themselves at the Far North Mining Company offices at 1865 King Street in Toronto.

Thieves and scoundrels need not apply.

THE DETAILS

Overview

Small teams are sent out onto a small lake in canoes with maps of the locations of “survey markers” showing the general location of “gold deposits”. They are challenged to find these deposits, dig up “gold,” return the gold to a trading post and obtain the best price. The team with the most money at the end wins.

Overcoming physical and mental challenges in an unusual setting is the theme, with strong risk/reward strategy and time-management elements. Yukon is the perfect teambuilder for groups that appreciate adventure and physical challenge.

Key Learning Points

- Resource allocation
- Decision-making with limited information
- Strategic planning and execution
- Adaptation to unusual circumstances
- Negotiation
- Bonding through overcoming adversity together
- Leadership and discovery of individual strength
